Dimitre Valkanov - 4th F2D Combat

Dimitre Valkanov (an honorary Canadian in my books) is an American flying for Bulgaria. Our friend Dimo did better than the whole bunch of us (grabbing 4th) and would make a great pick for the US Team next time around, as the World's will be in his former home country and he will certainly know the way around town!

## Ivan MacKenzie - 9th F2D Combat

Ivan MacKenzie doing his Team Manager duties

Brad Lapointe and Pat MacKenzie - 26th F2D Combat

## Konstantine Bajaikine - 28th F2B Precision Aerobatics

## Stunt Stu Henderson - 77th F2B Precision Aerobatics

Achieved his modest goals: Was not last, remembered all the manoeuvres and flew them in sequence, finished every pattern with a score and in time, tied shoelaces, did not poop or pee his pants even while celebrity stunters were watching and last but not least did not at any point CRASH!!!

Stunt Stu would like to thank Kim Doherty for all his help, building assistance, guidance and last minute coaching on the way to this most excellent quest, as well as the use of his travel box which he has subsequently donated to him. (Kim's better half Val, is very happy to finally have the extra room in the hall closet.)
